

## CATERING

Lettuce make your next small meeting or large group event a hit! We offer healthy gourmet catering with several flexible options, and our healthy food will leave attendees satisfied (not stuffed), energized (not sleepy), leading to increased engagement and productivity.

All ingredients are prepared in-house and made from scratch daily, including all of our gluten free sauces. Order individual salads or party packages for each attendee, large salads and wrap platters for a group to share, or offer guests an entire salad bar so each can fashion his or her own salads. Include our fresh daily soups, sweets and drinks. Review our full menu for a complete list of our classic salads, fashion-your-own ingredients, sides and beverages.
